## Welcome to the MYP PP!

**Sophomores are about to embark on a momentous journey, and we are so excited!**

The 10th-grade year (MYP Year 5) is a powerful year in the world of IBMYP. Through Advisory, students will discover, explore, reflect, and learn about who they are as learners while WE get to learn a little more about them as people.

The MYP Personal Project (MYPPP) can seem like a daunting task for everyone. However, we are committed to making this process as fun and painless as possible. We have some great tools and ideas to share so you feel supported and empowered through this process. Do not hesitate to reach out for questions, concerns, or opportunities to celebrate.

We cannot wait to work together,

*Mrs. Browne & Mrs. Nuttall*
