

IB Middle Years Programme (MYP) Celebrations

During Year 5 (10th grade) of the IB MYP, students are expected to complete a self-selected capstone Personal Project. The Personal Project is an opportunity for students to showcase their learning throughout the IB MYP (grades 7 -10) and reflect on their learning and growth. The IB MYP Personal Project consists of three (3) main components: the product, the presentation, and the reflective report. Students who earn a predicted grade of seven (7) or higher earn the FCPS/IB MYP Personal Project Certificate and are eligible for the FCPS/IB MYP Certificate.

The IB MYP Personal Project is one of three (3) FCPS/IB MYP Certificate components. Students must also maintain good academic standing by completing their MYP course assessments and the required service learning hours.

We are pleased to congratulate the following students on their FCPS/IB MYP achievements!
