Parent or Guardian Name		Home Phone Number	Work Phone Number
Parent or Guardian Address	City	State	Zip
Parent E-mail Address		Are you currently attending a private school? If so, please list.	

A student may request a student transfer for the Global STEM Challenges Program at Edison High School. The initial student transfer request for this purpose is for students entering grade 9. Please return this form to the Edison HS Student Services or to mebentley@fcps.edu. For questions, please contact Monica Bentley at 703-924-8150.

1. A student who requests a transfer for the Global STEM Challenges Program at Edison High School must commit to the program for grades 9, 10, and 11:
 - a. Each student is expected to pursue the three designated courses for the Global STEM Challenges Program in grades 9, 10, and 11.
 - b. Pursuing the full International Baccalaureate (IB) Diploma is not a requirement for the Global STEM Challenges Program. However, if your student is planning on completing the full IB Diploma, he or she must meet with the IB Coordinator at Edison High School to develop a four-year academic plan. The academic plan must be submitted as documentation with the application.

Check one of the boxes:

- Not planning on completing the full IB Diploma Program
- Planning on completing the full IB Diploma Program. I will meet with the IB Coordinator at Edison High School to develop a four-year academic plan. The academic plan will be submitted as documentation with the application.

2. A student who requests a transfer for the Global STEM Challenges Program at Edison High School must be on track to complete a minimum of Algebra 1 successfully by the end of 8th grade.
3. Transportation will NOT be provided for student transfers for the Global STEM Challenges Program at Edison High School.
4. Parents and students are encouraged to attend a Global STEM Challenges information session hosted by Edison High School or the school division.
5. The opportunity for student transfers for the Global STEM Challenges Program is limited, based on availability. Students and parents will accept the decision to deny admission due to lack of space available at Edison High School.
6. Students are expected to maintain appropriate behavior, attend school regularly, and demonstrate academic progress.
7. A student who does not fulfill the aforementioned expectations, will be required to return to his or her base school.
8. Forms for the Global STEM Challenges Program only will be accepted until June 1, 2022.
9. Renewal applications must be submitted annually. Parents and students must complete and return the renewal student transfer application to Edison. Forms will be accepted at Edison beginning February 15 and will not be accepted after April 1.

I certify that all the information on this application is correct to the best of my knowledge. In addition, I certify that the student involved in the request is not seeking a transfer to participate in extracurricular activities including, but not limited to, athletics.
